

ICON CONSTRUCTION

Modular Buildings Benefiting Education

About Icon Construction

Icon Construction, a small Native American owned company, offers the highest level of expertise in the modular building industry today and gives individualized attention to each customer. On-site supervision is provided to ensure high quality of workmanship and adherence to the completion schedule. The president of Icon Construction is known to visit the construction site, at completion, to insure customer satisfaction.

Keeping construction costs low while maintaining the highest level of workmanship and quality is a challenge for any business. Icon Construction provides your business with the best modular building solution available. Our modular building expertise and attention to detail has allowed our valued clients to focus on what they do best... their business. So whether it's portable classrooms, modular offices, churches or other types of pre-engineered buildings, our high-tech manufacturing plant will provide temporary or permanent modular buildings on schedule and with the best quality materials available.

About Modular Classrooms

Icon Construction, Inc. works with public and private schools, childcare centers, colleges, universities, and religious organizations to provide a vast number of educational facilities. Modular construction is a versatile alternative to traditional construction, allowing for deadlines to be met and more flexibility in terms of design. Most of our customers' needs can be met with a smaller modular building designed to maximize space while saving time.

Icon Construction, Inc. offers the following options when the need for additional space occurs:

- °Entire School Construction
- °One-Story & Two-Story Buildings
- °Classroom Additions/Wings
- °Dormitories
- °Libraries
- °Administrative Offices
- °Computer Centers / Labs

Icon Construction, Inc. is dedicated to meeting educational, childcare and religious organization customers' needs for fast, quality space. Whether your need is for a portable temporary classroom or a new modular school, Icon Construction, Inc. is dedicated to providing you with an interior space that is well-thought-out and inviting to young children while providing an environment that fosters lifelong learning.
